SUMMARY

Originally from Myanmar (formerly Burma), I moved to New York City in 2021 to pursue my education and a future in architecture. Balancing school, work, and life away from my family, while navigating the uncertainty surrounding the ongoing conflict in Myanmar, has strengthened my independence, resilience, and resourcefulness. These experiences continue to shape who I am as I begin my professional career in architecture.

EDUCATION

- 2023-Present New York City College of Technology
Bachelor of Technology in Architectural Technology
GPA: 3.0
- 2021-2022 Borough of Manhattan Community College
Associates in Science in Engineering Science
GPA: 3.4

TECHNOLOGY & SOFTWARE

Proficient in CAD/BIM, 3D modeling, visualization, graphic design, presentation software, including AutoCAD, Revit, Rhino, Fusion 360, Adobe Creative Suite, and Microsoft Office.
